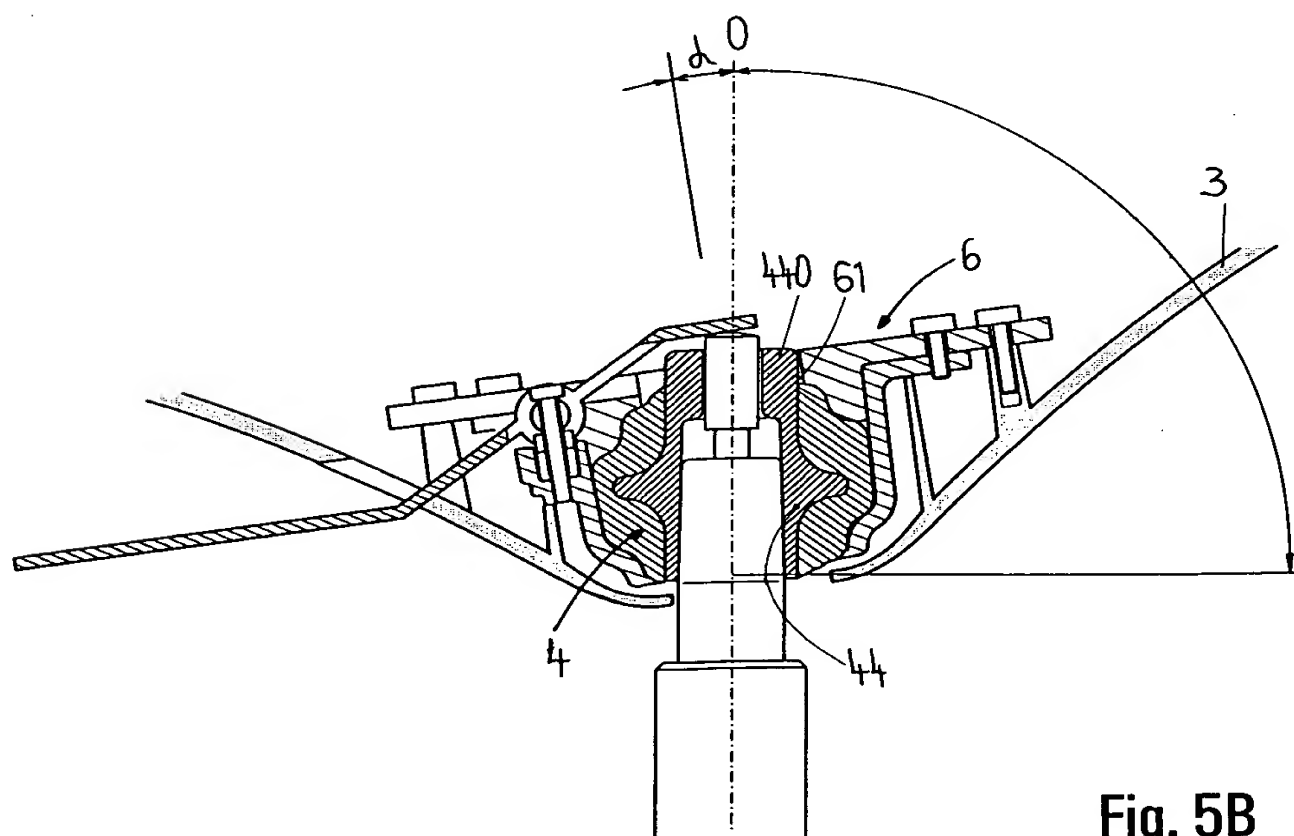

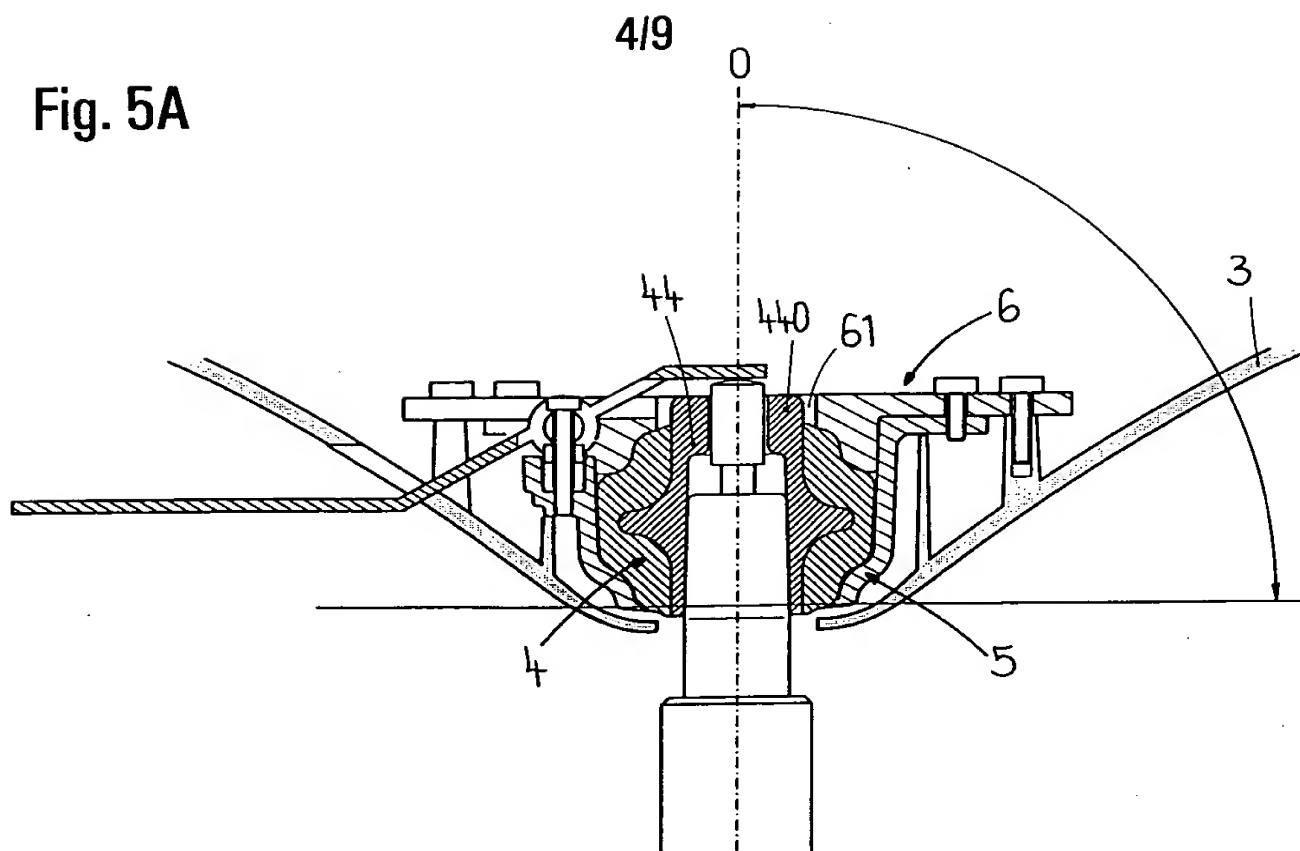

Fig. 5B

A line drawing of a swivel office chair. The chair features a five-star base with casters, a central column, and a swivel mechanism. The seat is rectangular, and the backrest is high and curved. The armrests are also curved. The drawing is labeled with numbers: 1 points to the base, 2 points to the central column, and 3 points to the backrest.

A line drawing of a swivel office chair. The chair features a high, rectangular backrest (labeled 3) and two armrests. It is mounted on a central vertical column (labeled 2) which is attached to a five-pointed star-shaped base (labeled 1). Each point of the base is equipped with a caster wheel for mobility.
